INNOVATIVE HOME CARE SOLUTIONS...
FOR LIFE'S TRANSITIONS

now **Seniors** have the
Choice to stay in their
own **Home**

Family members face a difficult choice when making a decision about their loved one's care. The thought of routines being changed worries many seniors and their loved ones. Seniors prosper, live better, and more independently without interruption of their daily routines when they remain in the comfort and familiarity of their own home.

At **Innovative Homecare Solutions**, we provide the non-medical assistance and support that seniors need so they can comfortably remain in their own home. We provide companionship, homemaking, and errand services. We believe that seniors should be able to have the choice to stay at home, so that their daily routines are not interrupted. It is our mission to see that seniors remain independent and live a higher quality of life in their own home.

INNOVATIVE HOME CARE SOLUTIONS...

WE LISTEN.
WE ACT.
WE CARE.

CARE PLANS

At **Innovative Homecare Solutions** our care plans are developed to make the process of selecting the amount and type of care easier. Our personalized care plans enable clients to select and personalize the plan that suits them best individually. Whether a few hours a week or several hours per day are required, we have a plan that can be personalized according to the services needed.

Our personalized care plans make care decisions worry-free. If there is something that we can't personally provide, we will act on your behalf to find a solution.

COMPANIONSHIP & PERSONAL CARE SERVICES

Our concern is our clients. We make every effort to match each client with the best-suited companion care attendant. All of our Caregivers are:

- Carefully selected and screened. Each caregiver successfully passes a criminal background check and several reference checks.
- Insured and trained. Each caregiver is trained to deal with the non-medical needs of the elderly.

At **Innovative Homecare Solutions**, your caregiver is our employee. We are responsible for taxes, benefits, scheduling, workers' compensation and insurance.

FOR LIFE'S TRANSITIONS

"Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around."

~ Leo F. Buscaglia

RECOVERING PATIENTS

Our services are not only offered to seniors. We offer our services to anyone needing non-medical assistance.

Whether you are a recovering patient and need a helping hand, or a busy mom that needs help with household duties, **Innovative Homecare Solutions** can help anyone requiring non-medical services.
